

ALC PROFILES - Hyderabad 2014

**Radha Krishna Kollipara aka RK – Clubs Coordinator,
Alumni Affairs Council**

Simply RK!

Someone notoriously said "RK is a singer capable of creating a hurricane and a dancer capable of emptying auditoriums in case of an emergency." Well, he couldn't worry less about the impressions he made on that person. Apart from his experiments with music and dance, he is a movie-buff and cricket lover.

**Devarshi Das – Events Coordinator, Alumni Affairs
Council**

ManU Maniac!

Dev was First Making then Selling trucks for Tata Motors (4yrs) Design& Marketing, His thinks Football is Manchester United and Travel is life..

Belief: You can discover more about a person in an hour of play than in a year of conversation!

Shikhar Angra – Alumni Affairs Coordinator, Alumni Affairs Council

Mr. Bring it On!

Product of the famous Indian Engineering + IT assembly line he landed in ISB with the goal of expanding his network and having tons of fun on campus. An engineer who loves engaging in discussions related to tech world, politics, sports, corporate world and of course those sleek gadgets which make him go down weak on his knees. He loves reading, web surfing (read Facebooking and Youtubing and occasional HBR or Economist article) and drawing occasionally. A big chocolate and ice cream lover he can be found hanging around Cream Stones parlors quite often. Though a typical Leo with a short temper and fragile ego, he is fun to hang around with. He looks forward to 525,600 minutes of pure learning and fun!!

Sankalp Guar – Mentorship Coordinator, Alumni Affairs Council

Mr. Entrepreneur!

Worked in the telecom industry for a long time and then tried his hand at entrepreneurship. Although that venture didn't work out, he did manage to find his way into ISB. He brings with him almost 7 years of international work experience and will be involved in the alumni mentorship program.

**Apoorva Singh – Communications Coordinator,
Alumni Affairs Council**

Eternal Foodie!

Apoorva lives to travel, a food fanatic- she is forever snacking or planning to eat out, she loves reading and secretly hopes that she will be the subject of a novel one-day. The sort who dances despite her two left feet and thinks she is pretty good at the fine arts no matter what anyone says, however, she does manage to tell good from bad in music and art. While at all this, she has a bachelors in mathematics from Stephen's and has been working in the finance and strategy domain for about 3 years.

Sruti KV– Director, Alumni Affairs Council

Social Warrior!

Sruti worked with a non-profit for four years before coming to ISB. She represented India at the World Young Leaders Summit. She loves spending time with kids. She has travelled to more than a 100 colleges across the country and loves interacting with people.

ALC PROFILES - Mohali 2014

Divya Chawla – Communications Coordinator, Alumni Affairs Council

Happy Feet

She is widely known as ‘DC’ and occasionally Divya (it’s imperative to get this sequence right). Bubbling with energy and with a zest for trying different things in life, she often likes taking the road less travelled. Stumbling through life she surprised herself by landing up with a degree in Statistics Honors and then a completely unrelated field in retail account management in the FMCG industry. Divya has a song for every situation and some witty comment in every conversation. While conversing animatedly with everyone about how she feels talentless at ISB, she experienced her eureka moment that she unknowingly held a major in communications and networking. Therefore, as the Communications Coordinator she will be the grapevine for you at ISB!!

Lokesh Jain – Mentorship Coordinator, Alumni Affairs Council

Jack of all trades

An avid reader of works with underlying philosophical overtones, Lokesh harbors dreams of someday writing for a living. Lokesh discovered the joys of meeting people when he had to move from Ratlam to Kota to Pilani to Bangalore to Mohali in each stage of his life. Passionate about staying fit, you will see him stressing out about having missed a day of workout while other ISBians are hyperventilating over assignments. A Jagjit Singh and Coldplay fan, a South Park and HIMYM aficionado and a bored techie, he is still trying to learn Salsa despite failing miserably at each attempt. He is all geared up to ensuring a smooth mentorship program during the year!

Mishti Jain – Mentorship Coordinator, Alumni Affairs Council

Mishti Doi

A non Bengali with a truly Bengali name, Mishti can be spotted making futile attempts at staying awake in class. She has an almost zealous passion for Thai food and a mile long travel bucket list. Her sing song style of talking that she vehemently denies, comes from Singapore where she studied and worked before coming to ISB. Mishti knows more about marketing than finance despite having worked in a bank before. She loves meeting new people and has the ability to talk incessantly about the most random things under the sun. As Mentorship Coordinator, she is really looking forward to interacting with all of you and facilitating successful mentoring initiatives through the year!

Nikhil Iyer – Events Coordinator, Alumni Affairs Council

Iyer brother from another mother-Exhibit A

Nikhil is our authentic Tam-Brahm product (read filter coffee, dosas, annoying green card relatives). Therefore, it comes as no surprise that he is a prodigal electronics engineer with over four years of experience in automotive electronics. Although he comes from the pub city of India (Bangalore), he prefers getting 'high' in the literal sense (bungee jump, sky diving, other adventure sports). As the events coordinator he hopes to enhance the alumni experience both on and off campus, and to provide a strong platform for active alumni engagement.

Rahul Marwah – Clubs Coordinator, Alumni Affairs Council

Punjab da Puttar

Extremely passionate about everything under the sun from food to whisky to guns, Rahul has ‘Punjab’ flowing through his veins. He is a complete socialite when it comes to bonding with everyone on campus. A globetrotter with a multidimensional career spanning three different industries and five different domains, Rahul brings to the team, his ability to effortlessly connect with diverse clubs on campus.

Sreeram Iyer – Events Coordinator, Alumni Affairs Council

Iyer brother from another mother-Exhibit B

Sreeram is the counterfeit Tam-Brahm, who having been brought up in Mumbai, secretly believes himself to be Maharashtran. He comes from the extremely ‘niche’ background of IT and has worked on an unheard skill of *gasp* programming! A musician at heart, Sreeram has two right feet with the ability to do justice to a Ganpati (Ganesh Visarjan) dance. He prides himself on making professors break out into dance moves in the Atrium. Often a victim of cold calling, he inadvertently ends up entertaining the class with his unrelated answers. Donning the role of the Lead co-ordinator for Equinox, Sreeram is dedicated to providing a memorable experience to the students and Alumni of ISB.

Tushar Garg – Director, Alumni Affairs Council

Jughead Jones

Tushar - a true Delhite who loves food and is blessed with a 'Jughead' metabolism. He's an engineer by qualification but an entrepreneur by heart (and profession!). Diversity is his middle name. From trying his hand at a career in the medical field to building and driving a formula racing car, Tushar's pursued a full spectrum of interests. His contagious optimism can even make the Grinch momentarily believe in Christmas! As the ALC Director, he is looking forward to interacting with all of you to form a truly lasting relationship.
