

## **Dubai Chamber workshop to benefit family businesses**

The Legal Services Department of Dubai Chamber of Commerce and Industry plans to organise a 'Family Constitution' workshop in association with Hawkamah, the Institute of Corporate Governance. The workshop would lay importance on corporate governance in family businesses and will be organised at the Chamber's premises. Many family business executives, family members, managers and in-house lawyers and consultants will attend the workshop to understand the importance of governance and to incorporate 'Family Constitution' in the family business.

The workshop will also deal with policy framework that families need to establish and implement with respect to succession, employment, investment and conflict resolution in a family business. Jehad Kazim, the Director of Legal Services Department of Dubai Chamber of Commerce and Industry said, *"The Family Constitution workshop is organised by the Chamber to highlight the importance of family business governance which is a fundamental tool to improve family business and to preserve the family's legacy for future generations."*
